## **GO YOUR WAY**

## **Words and Music by Dale Neumann**

You had the nerve to abandon me,

To say goodbye and demand that you be free.
You lie and you cheat and you've spent all my bread,

The alimony will send me in the red.

GO YOUR WAY TODAY DON'T STAY (2x)

Two words: "I do."; you certainly said,
But now your sure, you wish you were not wed.
You packed your bags to live with another,
Who knows how long he's been your lover.

GO YOUR WAY TODAY DON'T STAY (2x)

[What? Your leaving? Your going to live with your boyfriend in Michigan.

I don't believe this is happening.]

My heart is a little bit colder, Little bit, little bit colder. My heart is a little bit colder.

You hurt my pride. You hurt me in my wallet. In solitude I cried. I think it's time I call it, And say...

GO YOUR WAY!!!
