# Beyond Time

Words by Dale Neumann

There's a place beyond time  
Where deadlines dissolve  
Time is not mentioned  
No problems to solve

A wondrous island  
Where thoughts can survive  
A trip is a joy  
And you never arrive

Ask all the questions  
And you shall receive  
Comforting answers  
To all you perceive

The waters are calm  
The taste is complete  
Everyone is friendly  
Everyone discrete

## Refrain

Beyond time  
The naked rhyme  
Living in comfort  
In the sublime

Beyond time  
The perfect chime  
Reaping the harvest  
Without any crime

Sunshine beside you  
Clouds only white  
Heads full of knowledge  
Eyes burning bright

Working together  
Composing the fill  
Sharing the fruits  
Climbing the hill

# **Beyond Time**

( Continued )

## *Refrain*

What can be perceived  
As Living in bliss  
Content in our minds  
No hearts to dismiss

Tapping the forces  
Controlling the power  
Molding reality  
Blooming the flower

# Bugs

Words by Dale Neumann

## Refrain

I got a twitch  
You got an itch  
Someone's got a cold  
Computer's got a glitch

Some of them crawl  
Make you stall  
Some of them fly  
Think you're gonna die

The mosquito gives a byte  
Changing your sight  
Strange is you're dream  
Sleeping through the night

I was going to tell you  
Forgot what to say  
Did I really want to  
Or is it the wrong day

## *Refrain*

User runs a program  
Program has a glitch  
When they disagree  
'puter gets the switch.

Spraying pesticides  
Setting up the traps  
Killing everything  
Filling in the gaps

## *Refrain*

# Bugs

( Continued )

A man fits in  
Fairly obscure  
He wants to be special  
But can he stay pure ?

It enters his brain  
And he becomes devious  
To some he's insane  
To others, a genius

# Craving

Words by Dale Neumann

You need ...  
Tastes good  
Face feed  
You should

You bleed  
Real high  
Need good  
Slice pie

Can't go on  
Can't go on  
Gotta have it  
Gotta have it

You like  
Wanna take  
You yearn  
Heart break

You live  
To fill  
You try  
Yet still

You love  
Desire  
You must  
Get higher

Like addiction  
Mortal affliction  
Moved emotion  
Maintained devotion

Like irritation  
Need irrigation  
Scratching itch  
Inflammation

# **F r a g m e n t e d**

**Words by Dale Neumann**

I'm hot, I'm cold  
I'm breaking up, I'm growing old

I'm scared, It hurts  
I wonder why, I wonder why

The pain won't, yet it must  
I must go on, I have to trust

My brain is dead, my thoughts...  
I cannot think, It hurts to try

Can I forget ? No, I cannot  
Will I forgive ? I must give to live

It's like before, No it is not  
Something's changed, rearranged

I have so much to do, to be done  
Is there time ? Yes do not run

I cannot make it, friends ...  
But friends make ...

So I'll rearrange this fragmented brain  
Pick up the pieces and sing again !!!

# The Nice Witch

Words by Dale Neumann

Bubble Bubble  
You've got trouble  
Your bed is made  
But you've got stubble

Who to believe  
And who'll be trouble  
When do you fold  
And when so you double

Are you confused ?  
Do you draw a blank ?  
Is your power defused ?  
Did you walk the plank ?

Is your rhythm abused ?  
Did they rob the bank ?  
Are you leaving refused ?  
Was it something you drank !

Refrain  
See the witch  
Listen to her pitch  
Make the switch  
Don't dig a ditch

Power she'll find  
Help you to be kind  
Wind your mind  
Now you won't be blind

Tail of snake  
And eye of newt  
Will make you sick  
Don't refute

Before you run  
Take the loot  
Don't get caught  
Or you get the boot

# The Nice Witch

( Continued )

Learn the method  
Not the madness  
Hunger for joy  
Endure the sadness

Share the love  
Reap the gladness  
Mold excitement  
From the blindness

*Refrain*

So she said  
“Can’t we connect ?”  
To join with me  
My brain to dissect

I said to her  
A “yes” with a “no”  
And so she said  
She’ll have to go

With disappointment  
And relief  
We said goodbye  
And made it brief

She went her way  
And I went mine  
The spell was nice  
And I was just fine

*Refrain*

# Prisoner Of Love

Words by Dale Neumann

You caught my eye  
You were so sly  
You made me happy  
You made me fly

I was impressed  
With the way you were dressed  
I thought I was lucky  
I thought I was blessed

You drew nearer  
I see clearer  
You want to have me  
On your mirror

I get antsy  
You get fancy  
“What’s your name ?”  
And you say, “Nancy.”

## Refrain

You’re wrapping me up  
I’m a prisoner of love  
You’re making me shake  
Like a little turtle dove

You’re shaping me up  
You’re the perfect fitting glove  
You’re making me quake  
I’m the one you’re thinking of

You take me home  
And we’re all alone  
I’m a helpless stranger  
In your love zone

You show me around  
Without a sound  
You’re tearing my heart  
Out from the ground

# Prisoner Of Love

( Continued )

## *Refrain*

When we're through  
I say to you  
It's gotta stop  
This between us two

You reply  
"Don't deny  
Call me tomorrow  
And don't be shy"

# Timing

Words by Dale Neumann

## Refrain

Tick, Tock

Tick, Tock

Don't try and look at the clock

Swing, Swing

Swing, Swing

The pendulum isn't everything

Bong, Bong

Click, Click

The trigger doesn't do the trick

Think, Think

Think, Think

Is only half the missing link

Gotta feel it in your bones

Gotta feel it in your blood

Gotta motivate your muscles

To keep you outta the mud

The metronome is clicking

It swings while it is ticking

Your finger pick is picking

To the tempo, you are sticking

Yet there's something missing

The rhythm not your kissing

The metronome is dishing

But it's not what you're wishing

## *Refrain*

Then we have the friendly

Your schedule bends so eas'ly

The chunks of time are costly

The shift of balance grizzly

# Timing

( Continued )

If you keep on planning  
There won't be that much cramming  
The doors won't keep on slamming  
If you trust your feel, you're jamming

[ He's going to run a timing pattern...]  
[ Time's up Mrs. Gretsky, what's the capital of ...]  
[ That man NEVER comes home on time ...]

# Touchy

Words by Dale Neumann

## Refrain

Don't touch me  
I've been through a lot  
Don't hurt me  
In a tender spot

Past occurrences  
Have made me weary  
Present circumstances  
Make me leery

I met a girl  
She made me crazy  
I made my move  
I was not lazy

The closer we got  
The harder it was  
Then she said, "Stop."  
And this was the cause...

## *Refrain*

Can we be friends  
She said to me  
I like you a lot  
But you don't have the key

When I asked her  
To explain the reason  
She repeated  
Why there's no pleasin'...

# Touchy

( Continued )

*Refrain*

Touchy  
Touchy  
Feely  
Feely  
Touchy  
Touchy  
Healy  
Healy

As I walked away  
Hurt and dejected  
Licking the wounds  
Of being rejected

I turned around  
For one last pecking  
I saw her face  
As if it was speaking ...

*Refrain*
