MISTRESS OF NOISE

Words by Dale Neumann

Refrain

 ↓↓↑ ↓↓↑
{ (1) Esus Em } C G
 She's a mistress of noise

C. G
Playing with toys

C. G
She loves her Boys

(1)
But She never destroys

Bm G
She loves to love her man
But the don't understand
Who's to say she's right?
Why does she have to fight?

She's a ruler of cats
And a tamer of bats
Just Look at the stats
She's trimming the fat
She'll never give up her ground
'Cause her mind is sound
So follow her down
And all around

Refrain

She's got plenty of wealth
She has excellent health
She can hide like the stealth
Keep you on the shelf
She's in love with the moon
Won't you sing her a tune ?
A simple melody
Wouldn't ya like to see ?

Refrain

MUTS

Word by Dale Neumann

It's dog eat dog
In the real world
You're a jack of all trades
Yet master of none

You want to survive
And you're learning the ropes
You want to arrive
But you want to have fun

Refrain

You're a mut
Trying to make the cut
A pup
Trying to grow up
You're a mut
Caged within your gut
A pup
Trying to grow up

But you're only a mut
You'd like to be perfect
But you're stuck in a rut

You've got to have patience
To get through the times
You're enduring the pain
To pay for the crimes

Refrain

Getting very dogged-eared
Straying from the path
Getting what you feared
Following the wrath

You've a head that ticks
And a tail that wags
One end that thinks
While the other one brags

Muts
Continued

Refrain

Listen to your master
Harken to his call
Following him closely
But not into a wall

If you heel, you will be healed
If you come, you will be there
If you stay when you are told
There will be someone to care

Roaming Streets
On your feet
Staking claims
In the heat

Scratching fleas
When you please
Sends you scrambling
For your knees

NEVER LEAVE YOU

Words by Dale Neumann

Where there is love
Lots of friends about
Where there is not
They all say, "See you around"

A [But I will never leave you
 [I will always be with you

When you're not there
There's so much despair
When we don't talk
You don't think I care

B [But I will never leave you
 [I will always see you through

Holding your hand
It feels so grand
Giving a kiss
Makes the band
(A)
Going away
Seems like the end
Love held at bay
A break not a bend
(B)

ON THE EDGE

Words by Dale Neumann

Refrain

Live my life on the edge of the world
Living it day to day
Try to find somewhere I can go
Don't wanna fade away

Blue sky follows me where I roam
So do the clouds and the rain
Look for a place to call my home
Don't want to go insane

Though the battle's tough
And terrain is rough
We've come a long, long way
Can't stop. Live for today

Refrain

Tearin' up the town all around
Tryin' to keep the peace
You know they're tryin' to stop my howl
Nothing can make me cease

Preachin' of love, Teaching of life
In every word I speak
Love thy neighbor and all of the time
Nobody turned a cheek

Refrain

So now I'm gonna unpack my bags
Settle down and go straight
Free myself from these horrible tags
Given to me by fate

Life's not over until you die
And maybe that's not the end
It might go on in another was
Careful what you pretend!

Refrain

ONE DOZEN ROSES

Words by Dale Neumann

The long stems are perfect
The petals, a dream
A sensuous vase
Completes the scene

Somehow there's more
That's packed in this potion
It's you I adore
Sealed with emotion

Refrain

One dozen roses
I give you, my lady
One dozen roses
To show you I care
One dozen roses
I GIVE YOU MY BABY
It's my heart I bare

The power to melt
The hunger, the need
The power to soothe
To sow the seed

The hope of the moment
The slayer of fears
The fighter for love
For long many years

Romance
Slow Dance
One Chance
Love Stance

Refrain

ONE DOZEN ROSES

continued

Two are for love
Two for devotion
One from above
Three for emotion

One for the thought
Two for the fashion
One ends the drought
All for the passion

Refrain

I give...

RUNNING AROUND

Words by Dale Neumann

Refrain

A | Running around 'til it all falls down,
| Like a dead cat in the road, head spinning roun'

(A)

B | You don't know what you're gonna do
| Do you know what you're gonna be?
| You don't know what you're gonna see
| Do You know what it is to be free?

Well, I'm gonna tell you, so listen close.
Just lay back. Let it happen. Take your dose.
Don't try to be cool; get yourself a foot stool.
If you're looking for help, don't look for a duel.

Refrain

(A) and (B) simultaneously

STORM WARNING

Words by Dale Neumann

Daddy, where all the trees?
Every where's a desert. Can't you see?
Oh, what happened, tell me please...

It began on a very calm day
A kind of calmness before the storm
Then there was a flash of light, very great and bright
A giant cloud arose, and everybody froze.
They issued a...

Refrain

Storm warning, storm warning
Bombs explodin', radiation flowin' (X's 2)

During precipitation, there'll be radiation
So stay in your homes and pray
Cause the issued a

Refrain

The president has issued another storm warning
For the enemy had broken all the rules
We can blow minds away by egos
Tear the world apart with fools.
And a ...

TOGETHER

Words by Dale Neumann

I love you more than words can say
You'll be there every single day
You help me through my toughest times
I showed you trust is not a crime

Refrain

I know our love is true
When I'm making love to you
Some couples go their separate ways
But we'll be together every day
Together

I've never felt like this before
And you never asked for any more
These feelings that I have for you are strong
Problems that arise can't last too long

Refrain

Solo (4)

I've always tried to do my best
You've always helped to the test
Together we can build a world for two
You and I will know just what to do

Refrain

TOO MUCH RESISTANCE

Words by Dale Neumann

I try to get close
But you push me away
I want to get serious
But you want to play

You're picking me up
Then throwing me down
I came with a smile
But left with a frown

The more I get serious
The more you're confused
You say you're delirious
I'm not amused

We're taking our time
But going nowhere
Until you relax
What can we compare?

Refrain

Too much resistance
Bringing me down
How long can I wait
Until you turn around

Perhaps there's a chance
You will give in
A fun-filled romance
We could begin

It's getting so hard
Speaking my mind
Searching for words
So hard to find

Talk may be cheap
You know where I stand
If you can leap
We could live it up grand

TOO MUCH RESISTANCE
continued

Refrain

There's a lesson to learn
And I am the one
To pass it on to you
And then I am done

Playing with fire
You will get burned
Is it to cook
And then you have learned

Refrain

TREAT ME

Words by Dale Neumann

It's embarrassing the way you treat me
All the things that people say
Half way you won't even meet me
Have to have things your own way

It's a shame we can't resolve the issue
All you need to do is stay
Don't believe I even miss you
"Parrently we've gone astray

Refrain

I don't think it's gonna last
The relationship is in the past
Holding on is like a cast
Bonds of love are breaking fast

It's embarrassing the way you show off
Everything to please your prey
Meanwhile I get left or blown off
It's not fair to let me fray

Shame we can't resolve the problem
If only you could see your way
Perhaps someday you'll see the bad stem
Unfortunately not today

Refrain

Solo

It's embarrassing they way you leave me
All tied up and so confused
You seem to know just how to peeve me
I care no more to be abused

I've given all I got to give you
I need no more to have to pay
I love you, but I have to live, too
It's time for me to go my way

Refrain

WAITING

Words by Dale Neumann

Waiting in the doctor's office
Waiting for a call
Waiting long just won't suffice
Why must I wait at all?
I could be king of England
I could be very small
Just what it is I'm waiting for
Could have me climbing wall

Refrain

Waiting, waiting
There's just no time for me
And when there is, I find myself
Waiting up for me

Waiting, waiting
Will it ever cease?
I guess I'm going to have to wait
Until I get some peace

Hoping for some kind of sign
Will someone comfort me?
I've got to make the best of it
Before I can go free

If what I'm waiting for is late
My brain will go to rot
I've got to occupy myself
Before my goals forgot

Refrain

Restless at a traffic light
My patience not too strong
Every time I'm in a rush
The waiting is too long

This could be very comical
A funny tragedy
But if I'm always waiting
I must find some strategy!
