

# IF YOU ONLY KNEW

Words and Music by Jim Tuggle  
Music by Dale Neumann

## Refrain

If you only knew,  
How much I love you.

Girl, if you don't want me, I can understand,  
    You're leavin' me for another man.  
I don't wanna hear what you have to say,  
    I never thought you'd betray me this way.

In my life there was only you,  
Was so much love between us two.

Now you love another.

When you told me that you had to go,  
    You knew how much it would hurt me so.  
Now that you're gone and we're far apart,  
    I sometimes wonder what was in your heart.

In my life there was only you,  
And all my love which you misused.

Now you're gone forever.

Refrain     x2

In my life there was only you,  
Was so much love between us two.

Now you love another.

As time goes on I've become more strong,  
    And realized where we went wrong.  
To think your love was really real,  
    When it was something I could not feel.

## IF YOU ONLY KNEW (Continued)

In my life there was only you,  
I felt misused and so confused.

Now you love another.

Now I have found me a better one,  
She treats me right and we have so much fun.  
Because of her I don't think of you,  
And the way that you made me feel blue.

In my life there was only you,  
But now there's someone new to help me through.

And you're gone forever.

Refrain (Continuous)

Ooh, Ooh, hey!  
Ooh, Ooh, hey, hey!

You were my only girl.  
My whole life and my worl'.

Now you left and gone away.  
You said you just couldn't stay.

Girl, you hurt me so bad.  
You left me so, so sad.

Baby, if you only knew.

How could you do this to me.  
Our love was meant to be.

Girl, if you only knew...

# SEARCHIN'

Words by Jim Tuggle  
Music by Dale Neumann

I'm searchin' for a lovin' everywhere,  
I'm tryin' to find that girl who really cares.  
I wanna find a love I can call my own,  
'Cause I never wanna live my life alone.

## Refrain

If I do,  
Find a love that's so true,  
I know in my heart,  
I can say, "I do."

But I'm still searchin'...

I'm searchin' for a love that's one of a kind,  
Tryin' to find a girl who will be all mine.  
I wanna find a love that won't run away,  
'Cause I always want my love here with me to stay.

## Refrain

I'm searchin' for a lovin' everywhere,  
I'm lookin' over here and I'm looking over there.  
I'm tryin' to find a love I can call my own,  
'Cause I never wanna live my life alone.

There's no time, lady, for saying our goodbyes,  
After the tears, from your starlit eyes.  
Without you, girl, I'm gonna cry,  
And without your lovin', I know I'd die...

Yes, I know I'd die!

## Refrain

I don't want to spend the night alone.  
I don't want to spend the night alone.  
I don't want to spend the night alone.  
So I'm gonna ask you one more time.

Holdin' you near, touchin' you tenderly,  
I'll show you how, a real man can be.  
Searchin' for words, no that's not the way,  
Forgive and forget, the other day...

Yes, the other day!

## Refrain

Baby, don't you cry, 'cause I won't say goodbye,  
Ooooooh, can't you see?  
Without you in my life, I'll be empty inside,  
Baby, can't you see, what you mean to me...

What you mean to me!

## Refrain

# STAY WITH ME

Words by Jim Tuggle  
Music by Dale Neumann

Deep down in me I've got a need,  
That only you can fill for me.  
Only you make me feel this way,  
That's why I'm asking you to stay...

## Refrain

Stay with me,  
'Cause only you will do for me.  
Stay with me,  
So all my life will be complete.

You never knew how I felt inside.  
So many nights I often cried.  
For your touch and warm embrace,  
You know your love I can't replace.

Babe,

## Refrain

Why don't you stay...  
Why don't you stay...  
Stay with me.

Now that your love is here to stay,  
I'll never let you go away.  
Together we'll be come what may,  
As long as you always...

## Refrain

## STAY WITH ME (Continued)

Don't ever leave me...

Just stay...

Your love and our love together...

Just stay...

Stay with me.
